We will be glad to give you free samples of our meat or eggs if you are considering one of the following options:

Farm shares

Prepay and get a discount. Purchase meat or eggs as they are in stock, until your credit runs out. Upgrade to a higher level any time for an increased discount. Delivery available in nearby towns.

\$150 – 5% discount

\$300 – 10% discount

\$600 - 15% discount

Our inventory will soon be on line.

Egg shares

Prepay \$50 for 10 dozen eggs OR

set up a weekly egg amount (full and half dozens available) and prepay monthly. Delivery available in many nearby towns – inquire.

We rely on these monthly payments to cover our grain costs. If you find you need fewer eggs than the quantity you've ordered we will donate your extra eggs to the Community Kitchen in your name. You can adjust your egg order at the beginning of each month.

Broiler shares

We raise broilers based on orders. We raise our broilers on pasture using non GMO grain. We raise red broilers which grow more slowly than Cornish Crosses and have a richer taste. Deposit of \$15 a bird to order the birds. Balance of \$10/bird payable on pickup. Our birds average 4.5 pounds at slaughter. Guaranteed maximum cost of \$5.50/pound.

If you order lots of 25 chicks we will feed them special grains for you (i.e. non-soy or organic) at an increased price based on cost of grain.

Pork shares

\$100 up front pays for a two month old piglet

\$35 a month after that pays for grain, bedding and our labor

When you want, we will transport your animal to a slaughterhouse. You will arrange for what cuts you want and will pay for slaughter, butchering and optional smoking costs. Our endangered farm animal heritage pigs (American Guinea Hogs) grow slowly and are very flavorful. We generally slaughter them at around 1 year with a hanging weight of around 100 pounds.
